7. והיה פי ראשו בתוכו שפה והיה לפיו סביב מעשה ארג כפי תחרא והיה לו לא יקרע: שמות כח, לב

- I 'משה ה': bringing בגדים and כלים back into עזרה for processing
- a if: a בגד that required כיבוס was taken out of עזרה, it's brought back and washed
- i if: it became טמא, it is torn (outside, to render it טהור as a non-בגד) then brought in and washed
- 1 challenge (רבינא): once torn, it's no longer a בגד – can't fulfill כיבוס מצוות
  - 2 answer: retain a strip connecting the two parts
    - (a) challenge: that is considered a full בגד, per ר"ה ruling re: טומאת בגדים
    - (i) answer: that is טומאה (בחיבורין) מדרבנן, מה"ט it is טהור and he may bring it back in
- b if: a כלי חרס was used for cooking חטאת and then taken out of עזרה, it's brought back and broken there
- i if: it became טמא, they make a hole in it (rendering it a non-כלי → טהור), brought back and broken there
- 1 challenge: then it's no longer a כלי, can't fulfill מצוות שבירה
  - 2 answer: they make a small hole, such that it is טהור from טומאה previous, still functions → "כלי"
- II 'משה ו': if a metal כלי (e.g. bronze) is used for cooking חטאת and is taken out of עזרה, it's brought back and washed
- a if: it became טמא, a piece is broken off (rendering it a non-כלי → טהור), brought back in and washed in עזרה
- 1 challenge: then it's no longer a כלי, can't fulfill מצוות מריקה ושטיפה
  - 2 answer: they destroy it and rebuild; it is טהור from old טומאה, but a new כלי
  - 3 associated ruling (ר"ל): if the מעיל כה"ג requires כיבוס and becomes טמא outside, they bring it in less than 3x3 (minimal שיעור of טומאת בגדים) and wash each segment at a time – per v. 1, prohibited to tear it
    - (a) challenge (ר' אדא בר אבהו): very thick or thin garments do not fall under the rule of 3x3 (can't be used for anything unless bigger), why require bringing them in in 3x3 segments?
    - (i) Answer: since this is part of the מעיל, it has significance → טומאת בגדים at the minimal amount
- b General question about כיבוס בעזרה: all כיבוס requires all 7 detergents, needed for both חטאת דם and מראות נגעים (washing clothes that had נגעי בגדים)
- i And: one of them is urine, which may not be brought into עזרה (מפני הכבוד)
  - ii Cannot answer: that he mixes them all together and the urine is nullified –
    - 1 Because: the rule (in re: כתמים) is that they must be treated in sequence and separately
  - iii Cannot answer: that they mix the urine with one of the others
    - 1 Because: each detergent must be washed over the כתם 3 times
  - iv Rather: he covers it in thick spittle
    - 1 Per: ר"ל's ruling that thick spittle is to be put with each of the 7 סממנים
